

BUSINESS BROCHURE

Gazi Group and its Strategic Business Units strive to be the Industry Leader in terms of product quality and service. The Companies are intensely committed to accomplish Consumer's Demand through Innovation as all the companies respect Consumers' desire and taste. Considering the Importance of the Consumers, the companies always bring in the latest technologies in the Manufacturing, Distribution and Service Delivery Process. Building relationship with the Business Partners and Consumers are helping us to comply with the unique requirement(s) of the Business Partners and Consumers in today's competitive market.

With the engagement of highly qualified and experienced professionals in Engineering, Production, Marketing and Competent After-Sales-Support Team, the companies will be serving different requirements of their various Consumer Segments and Business Houses of Bangladesh. Continuous Research & Development, Innovation, Adoption of Latest Technologies, Regular Engagement with the Partners, Consumers, and stakeholders will guide us to become the industry Leader.

We take the pride of being the leading Manufacturer and Distributor of the products in the Country while we compete equally against the Imported products and at the same time we thank our Dealers, Consumers, and other Stakeholders for our Success in the Making. We are also establishing our footprint in the Service Sector. Considering the unique need of the different regions of the country, Gazi Group is continuously focusing to contribute to the rising Bangladesh. Getting into new businesses is being encouraged by successful creation of jobs, saving foreign currency and meeting consumer needs in the process. Strategic Partnership and Stakeholders Engagement, Vertical and Horizontal Integration, and Social Engagement and Commitment are Gazi Tanks to take the challenge(s) of new venture(s).

Color : Black

Capacity (Ltr): 200, 300, 500, 750, 1000, 1500, 2000, 3000, 5000, 7500, 10000

Uses: Over head & Ground level water, oil, fuel reservoir and industrial chemical storage.

- Can resist 70°C temperature
- Double layer
- U.V stabilized in outer layer
- Food graded plastic in inner layer
- Threaded & airtight lid.

Reamarks : Non reversible 4 way entry

Color: Red, Green, Blue, Yellow, Orange

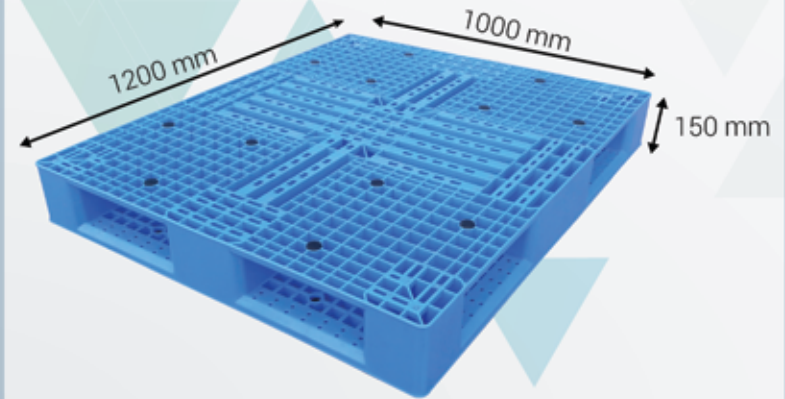

Uses: Loading, Unloading, Carrying, Stacking of Industrial Packaged Goods.

Model: GIDP 01

Dimension: 1200x1000x160 mm

Static Load : 5000 kg
Dynamic Load : 1000 kg
Racking Load : 1000 kg
Remarks : Non Reversible 4 way Entry

Model: GIRDP 05

Dimension: 1200x1000x150 mm

Static Load : 5000 kg
Dynamic Load : 1000 kg
Racking : 1000 kg
Remrks : Reversible 4 way Entry

Color: Green, Blue, Yellow, Grey

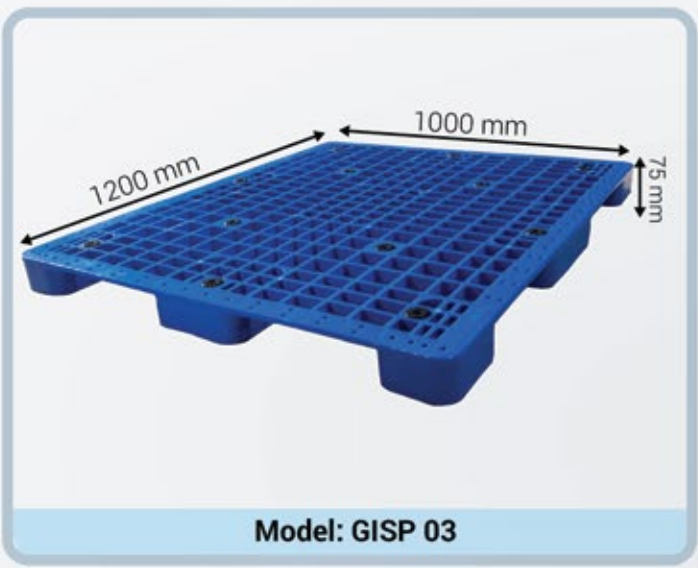

Uses: Loading, Unloading, Carrying, Stacking of Industrial Packaged Goods.

Reversible Plastic Pallets

We manufacture and supply HDPE Reversible Plastic Pallets which can be used for heavy duty storage in Drive in Rack system, also it can be stacked one on above hence these pallets are also identified as double face pallets, drum pallets or stackable plastic pallets. our reversible plastic pallets are well known for it's heavy storage capacity and longer life in rigid use.

GAZI Single Pallet

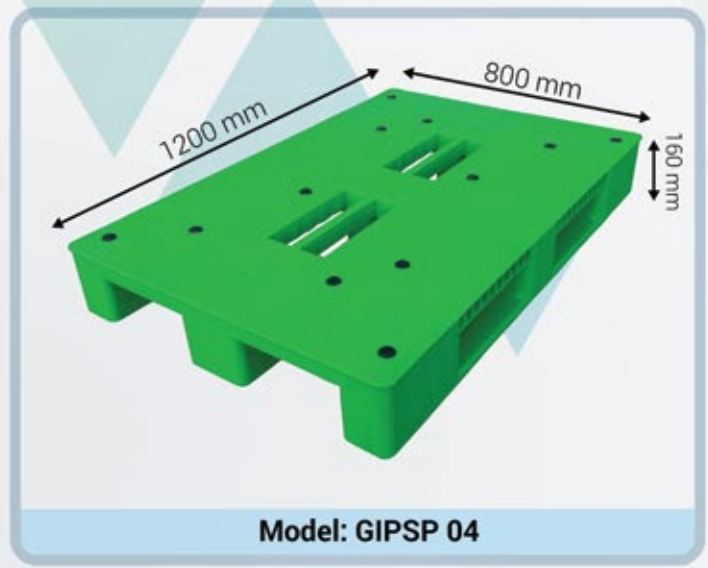

GAZI Plane Surface Pallet

Model: GISP 03

Dimension: 1200x1000x75 mm

Floor Static Load : 2000 kg
Dynamic Load : 500 kg
Remarks : Non reversible 4 way Entry

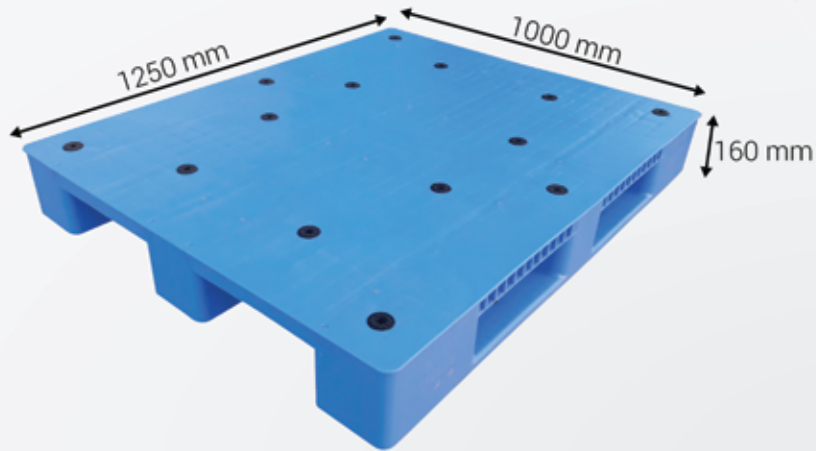

Model: GIPSP 04

Dimension: 1200x800x160 mm

Floor Static Load : 5000 kg
Dynamic Load : 1000 kg
Racking Load : 1000 kg
Remarks : Non reversible 4 way Entry

Color: Green, Blue, Yellow, Grey

Uses: Loading, Unloading, Carrying, Stacking of Industrial Packaged Goods.

Model: GIRPSP 02

Dimension: 1250x1000x160 mm

Static Load	: 7000 kg
Dynamic Load	: 2000 kg
Racking	: 2000 kg
Remarks	: Non Reversible 4 way entry
Color	: Green, Blue, Yellow, Grey
Uses	: Loading, Unloading, Carrying, Stacking of Industrial Packaged Goods.

Steel Reinforced Plastic Pallets:

Product description: Steel reinforced plastic pallets are perfect solution for heavy duty application of pallets in material handling. These pallets are manufactured by high Quality UV stabilized virgin food grade polyethylene (HDPE) material. Steel reinforcement technology enhancing the static and dynamic load capacity of pallet. These pallets use small area to store the products and hence are suitable for various applications in industries and factories.

Features:

- High load bearing capacity due to inbuilt hidden steel reinforcement.
- Manufactured by virgin food grade plastic material, hence safe contact with food stuff.
- UV stabilized polyethylene prevents from harmful UV rays, enhancing extra life to the pallet.
- Molded in one piece body structure.
- Plain top, washable, clean & sanitary.
- Weather proof, termite proof & fungus resistant.
- Plain top with special anti skid designs prevents material skidding.
- Very long life compared to wooden/metal pallet.
- Zero maintenance cost during whole life of pallet.

Features of GAZI Plastic Pallet

- > The plastic pallet is manufactured from UV stabilized HDPE
- > Injection molded single piece design without any welds or joints
- > Four way entry for easy forklift & hand trolley operation, reversible and non reversible
- > Economical, recyclable as well as environment friendly
- > No, nails or splinters and does not require any maintenance
- > Tough and durable structure
- > Can be cleaning with water or steam for hygienic application
- > Can be used indoors as well as outdoors
- > Termite proof, moisture proof, weather and chemical resistance
- > Contour and rounded surfaces are safe and comfortable to user
- > There have anti-skid surface on top

Plastic Pallets- the benefits for your business

- > Gain improved hygiene standards with a non-porous surface that is impervious to acids fats and odors
- > Lower the Risk of product Damage with no nails or splinters
- > Improve ease of pallet handing with 2-way or 4-way entry system
- > Reduce occupational health and safety risk to the labor force with products that are easy to clean and handle
- > Increase equipment compatibility within the supply chain infrastructure through consistent design and weight
- > Plastic pallets are reusable, recyclable and environmentally friendly
- > Gazi pallets are designed to meet the non-direct contact regulation for pharmaceutical and food grade quality industries
- > Plastic Pallets are suitable for strict hygiene environments and resistant to contamination
- > Gazi simplifies your logistics process so you can focus on your business

Material Handling Device

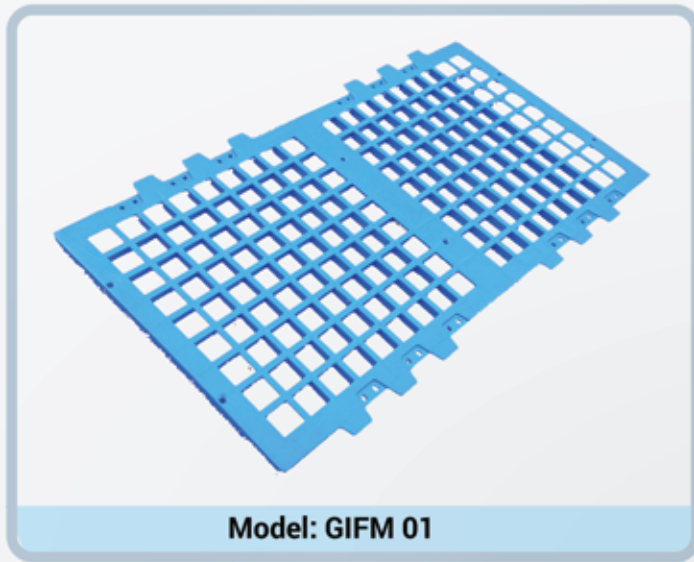

Device Name	Picture	Usability
Forklift		2 ways entry-length sides
Hydraulic		2 ways entry-width sides
Pallet Stacker		2 ways entry-width sides

The unique construction and design features Gazi plastic pallets make them ideal for use in almost all industrial environments like:

☐ Pharmaceutical ☐ Tobacco, Tea, Coffee ☐ Chemical Industries ☐ Dairy, Food Beverages ☐ Hotel & Catering ☐ Refrigeration ☐ Hospitals & Laundries ☐ Cold Storage/Food Processing Units
 ☐ Supermarkets ☐ Butcheries & Bakeries ☐ Spinning & Dying Units ☐ Packaging ☐ Electronic Industries ☐ Publishing & Printing Houses ☐ Garment Exporters ☐ Book Publishers ☐ Textile Industries.

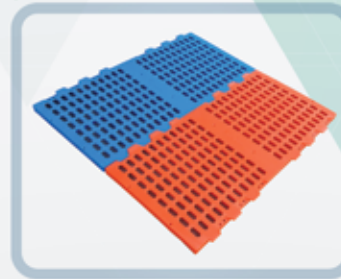

Solid Top Plastic Pallets

Closed pallet perfect for pharmaceutical and food applications. Smooth surface allows for easy cleaning; beveled approach edges allow easy access for forklifts.

Dimension: 763x382x22 mm

Floor Static Load: 500 kg

COUPLING WITH
ONE AND MORE

Dimension: 1020x510x30 mm

Floor Static Load: 1000 kg

Color: Green, Blue, Yellow, Grey

Uses: Floor, poultry, Garments & Textiles Industries, Ware Houses, Pharmaceuticals Store
Industrial Finished Goods Storage, Packaged Goods Storage, Etc

Features

- The floor mat is manufactured from UV stabilized HDPE.
- Injection moulded single piece design without any welds or joints.
- Economical, recyclable as well as environment friendly
- No, nails or splinters and does not require any maintenance
- Tough and durable structure
- Long life and weather resistant and excellent chemical resistance.
- Can be cleared with water or steam for hygienic applications.
- Can be used indoors as well as outdoors.
